

Case Review Process

The Dean has approval over cases considered "Dean's Authority Reviews" (formerly called routine reviews) and appointment cases @ Asst Prof II and III.

Ad Hoc Committee Reviews Case

Ad Hoc Committees are required for appointments or promotions with tenure or Security of Employment, and terminations. An ad hoc committee may be appointed for any level of review when it is determined by CAP or the AVC that additional expert analysis is required.

CAP reviews the case after the Dean and Ad Hoc (where applicable) have submitted their recommendation. CAP's recommendation is forwarded to the Office of Academic Personnel for final decision by the AVC, EVC or Chancellor.
